Hello Atty Rachel Troutman:

My name Elder Anthony D. Blackmon Sr. I have known Mr. Kevin Keith since 2013. I met Mr. Keith at Trumbull Correctional Institution. Mr. Keith has demonstrated the qualities since 2013 to this present time every quality that is desired by every community whether in prison or out of prison. I truly believe that if Mr. Keith was released from prison back into society into our communities that not only would be absolutely an asset to any community, but Mr. Keith would also not recidivate /re- offend, but Mr. Keith will add to the community, especially with both the young and older citizens.

I believe that Mr. Kevin Keith has learned his lesson and fully understands the actions which led to his incarceration and accepts all responsibility. He owns the mistakes that he has made and has learned from them. Mr. Keith's life since incarceration has been dedicated to being a better individual, and efforts and staff & administrators alike can attest to Mr. Keith's lifestyle and efforts. I believe that if examined, every insolation that Mr. Keith has been in a will alert to Mr. Keith's fruit and works.

I believe that if Mr. Kevin Keith was given the opportunity of being released from prison, that Mr. Keith will absolutely make the Ohio Dept of Rehabilitation and Corrections proud, and be not only a poster boy, but will pour back into the ODRC for years to come.

Sincerely,

Anthony D. Blackmon Sr.
